

Medicare Statements

Tips for Protecting Yourself and Medicare

What is a Medicare Summary Notice (MSN)?

Beneficiaries enrolled in Original Medicare (Parts A and B) receive Medicare Summary Notices or MSNs. These are statements, not bills. Medicare only mails MSNs at least twice a year, but you can view your claims 24 hours a day by visiting Medicare.gov, which allows beneficiaries in Original Medicare to log into (or create) a secure Medicare account to view their most recent claims, check payment status, and sign up to receive their statements electronically (eMSNs). Creating a free, secure account with Medicare allows you to review all claims processed within the past 36 months.

What is an Explanation of Benefits (EOB)?

Beneficiaries enrolled in Medicare Advantage (Part C) plans or Medicare Prescription Drug Plans (Part D) receive Explanations of Benefits or EOBs. These are also statements, not bills. EOBs are mailed monthly if services are received, however, beneficiaries can check with their plan to see if they have an online service for accessing claims made on their behalf and payment status.

What do MSNs and EOBs Explain?

- What the health care provider billed
- The amount approved by Medicare for payment
- How much Medicare paid
- What the beneficiary may be billed

Using Your MSN or EOB to Detect Fraud, Errors, and Abuse

- Review your Medicare statements as soon as they arrive to ensure all of the services listed were actually received. Reviewing your MSN or EOB is one of the best ways that you can help detect potential errors, fraud, and abuse.
- Keep a record of medical visits, tests, receipts for services, and equipment you have received. A My Health Care Tracker, which you can get from the SMP, can help you keep a record.
- Compare your MSN or EOB to your receipts and records to your My Health Care Tracker. If you notice any mistakes, or have questions, call your provider or plan with your questions. If you still have questions or need further help, contact your local SMP!
