## Why Reservations Go "Missing"

### Common Causes:

#### **Wrong confirmation number:**

- Typed incorrectly
- Missing a digit
- Confusing similar characters (O vs 0, I vs 1)

#### **Wrong last name:**

- Spelling variation
- Hyphenated name issue
- Maiden vs married name

#### **System lag:**

- Just booked (not in system yet - wait 5 min)
- Recent change still processing

#### **Third-party booking:**

- Booked through Expedia/Kayak/etc
- United doesn't have it yet

#### **Cancelled/refunded:**

- Already cancelled
- Payment declined

#### **Wrong airline:**

- Booked different airline by mistake
- Codeshare confusion

# Step-by-Step Troubleshooting

## STEP 1: Verify Confirmation Number

**Check your email:**

- Subject line: "Your United Confirmation"
- From: United Air Lines
- Confirmation format: 6 characters (ABC123)
- Ticket number: 13 digits starting with 006

**Common mistakes:**

- O (letter) vs 0 (zero)
- I (letter) vs 1 (number)
- Q vs O
- 5 vs S

**Try variations if not working**

 **Still not working? Call +1 (844) 213-73-19** with email open

---

## STEP 2: Check Name Spelling

**Name must match exactly as booked:**

- Try without middle name
- Try with middle initial
- Try maiden name (if recently married)
- Try nickname vs legal name

**Example variations:**

- "Robert Smith" vs "Bob Smith"
  - "Mary Johnson" vs "Mary Smith-Johnson"
  - "Jennifer" vs "Jeniffer" (typo)
- 

## STEP 3: Search by Ticket Number Instead

**If confirmation not working:**

**Use 13-digit ticket number:**

- Found in confirmation email
- Starts with 006

- More reliable than confirmation code

**Where to enter:**

- United.com → My Trips → "Search by ticket number"
  - Or call **+1 (844) 213-73-19** with ticket number
- 

## **STEP 4: Check if Payment Processed**

**Verify charge on credit card:**

- Check bank/card statement
- United charge should appear within 24 hours
- If no charge = booking may have failed

**If payment declined:**

- Booking automatically cancelled
- Won't show up in system
- Need to rebook

 **Payment issue? Call +1 (844) 213-73-19 to verify booking status**

---

## **STEP 5: Wait 5-15 Minutes (If Just Booked)**

**System processing time:**

- Online booking: 2-5 minutes to appear
- Phone booking: 5-15 minutes
- Third-party: Up to 24 hours

**What to do:**

- Refresh browser
- Check email for confirmation
- Wait a bit, try again

**If still nothing after 30 min: Call +1 (844) 213-73-19**

---

## **STEP 6: Check Third-Party Site**

**If booked through Expedia, Kayak, etc.:**

**Their confirmation ≠ United confirmation:**

- They give YOU a confirmation number
- That's their internal number
- United has separate confirmation

#### **How to find United confirmation:**

- Check their confirmation email
- Look for "airline confirmation" or "United confirmation"
- Usually 6-character code separate from their booking number

**Or:** Call **+1 (844) 213-73-19** with third-party confirmation - United can search

---

## **Finding Lost Reservations**
